STRICTLY SAME HORSE OR RIDER /50% SAVING ON OUR NORMAL PRICE

We **DO NOT** put our photos on the internet

BLM photography, are very pleased to have been asked to cover the events at the 2018 Yealmpton show this year.

We have over 25 years experience in event photography, and have put together probably one of the best equine Team of photographers out there.

We **DO NOT** put our photos online but you can come and view them on the day. We usually also print on the day so you take them home with you. If time is an issue for a small fee we can post them to you.

(In the event we cannot print on the day postage is free)

One of our best deals is if you have your own USB so don't forget to bring it if digital copies is your preference.

We keep our photos for life, so you can look back at all our previous events if you missed at any in the past.

We have 2 **amazing deals** for all Yealmpton show participants on the day so please make sure you come and see us.
