Animals for Sale are excluded from Showing Classes

1. A nominated person will be designated as the event organiser and a person made responsible for keeping the records set out below.
2. A record of all attendees (exhibitors) will be kept for three months, which includes the following information;
 - Full name, Home address
 - Telephone number and types of birds
3. A named veterinary surgeon will be contactable for advice and to attend in the event of a suspected disease.
4. Biosecurity advice will be distributed at the event.
5. The local State Veterinary Service Animal Health Office nearest to the event will be notified at least 14 days before the event. Notification will include the date, location, details of the event organizer, and anticipated numbers and types of birds.

DEFRA Biosecurity best practice conditions to be applied.

- Written action plans, held by the nominated responsible person, will be available in the event of a disease Incident at the event or nearby the event.
- All litter and manure within the cages, crates, and baskets must be contained until disposal. Any spills outside the cage must be cleansed and disinfected immediately.
- All litter and manure must be disposed of in a manner which does not present a risk of spread of the disease, e.g. in sealed bags for normal refuse collection in such a manner that other birds do not have direct access to it.
- All exhibitors/entrants will be instructed to cleanse and disinfect the show cages, crates, and baskets before the event and be advised that they should be cleansed and disinfected on return to the home premises and before they are used to hold any other bird.
